

Standard Operating Procedure (SOP) - OPS-002

Client Journey

Purpose

To ensure every client receives a consistent, welcoming and professional experience from their initial enquiry through to completion of their appointment, while maintaining accurate clinical records and administrative compliance.

1. Initial Enquiry (Where Applicable)

Not all clients will make an enquiry prior to booking. Some may proceed directly to making an appointment.

Where an enquiry is received (via telephone, email, text message, social media or in person):

- Respond promptly, professionally and warmly.
- Answer any questions regarding treatments, pricing or suitability.
- If required, arrange a consultation appointment.
- Encourage the client to book if they wish to proceed.

2. Appointment Booking

Appointments may be made:

- Through the ANS online booking system
- By telephone or text message
- By email
- In person at the clinic

Online (ANS) Bookings

- Monitor the ANS Notifications section regularly throughout the day.
- Review all booking requests.
- Approve all appropriate bookings promptly.
- Ensure the appointment has been successfully confirmed.

Telephone, Text, Email or In-Person Bookings

Create the appointment manually within ANS.

Ensure the following client information is obtained and recorded accurately:

- Full name
- Address
- Date of birth
- Telephone number
- Email address

Double-check spelling and contact details before saving the record.

3. Pre-Appointment Documentation

Once the appointment has been booked, send the client:

- Pre-appointment consultation via WhatsApp (Botox only)

- General Medical Questionnaire via ANS
- Treatment-specific Consent Form(s) via ANS

Request that these forms are completed before attending the clinic wherever possible.

For Botox clients only, complete the *Consent/Prescription Botox* spreadsheet.

4. Client Arrival

When the client arrives:

- Welcome them warmly.
- Confirm their name and appointment.
- Offer to take their coat and hang it securely.
- Offer refreshments, including:
 - Tea
 - Coffee
 - Water
- Offer a biscuit whilst they wait.

Aim to create a relaxed and welcoming environment from the moment the client arrives.

5. Completion of Medical Forms

Check whether the client has completed their forms prior to arrival.

If forms have **not** been completed:

- Provide the clinic iPad.
- Ensure the relevant forms are already loaded.
- Allow the client adequate privacy and time to complete them.
- Check that all forms have been successfully submitted before proceeding.

6. Clinical Photography

Once all documentation has been completed:

- Escort the client to the photography area.
- Take the required 'before' photographs in accordance with clinic photography guidelines.
- Ensure photographs are clear, consistent and stored correctly.

7. Waiting for Clinician

After photographs have been taken:

- Escort the client back to the waiting area.
- Ensure they are comfortable.
-

Send Karen a text message advising: "[Client Name] is ready."

Karen will then collect the client for their consultation/treatment.

8. Treatment Completion

Following completion of the treatment:

- Welcome the client back to reception.
- Process payment.
- Issue a receipt if requested.

Provide:

- QR Code Review Card
- Any treatment-specific aftercare paperwork (e.g. Dermal Filler Emergency/Warning Card where applicable)

Answer any final questions before the client leaves.

9. Departure

Before the client leaves:

- Retrieve and return their coat.
- Thank them for visiting the clinic.
- Wish them a pleasant day.
- Invite them to get in touch should they have any questions following their treatment.

10. Post-Appointment Administration

Once the client has left the clinic, complete the following tasks within ANS.

Treatment Details

Open the client's record.

Select the relevant appointment and update the *Treatment Details* section with all relevant information.

Ensure the information is complete and accurate.

Invoice

Open the *Invoice* section of the appointment.

Ensure:

- Correct treatment(s) are selected
- Prices are correct
- Payment method is recorded
- Invoice is completed accurately

Quality Standards

Throughout every stage of the client journey, staff should:

- Maintain professionalism at all times.
- Protect client confidentiality.
- Ensure all records are accurate and up to date.
- Deliver excellent customer service.
- Create a warm, welcoming and calm environment.
- Follow all clinic policies and procedures where applicable.

A consistent client journey helps ensure every client receives the highest standard of care and service while maintaining safe clinical practice and accurate record keeping.
