

DATA PROTECTION & GDPR POLICY - P-005

Radiant Medical Aesthetics & Wellbeing

1. Purpose

Radiant Medical Aesthetics is committed to protecting the privacy and personal data of our clients, staff, contractors and business contacts. We process personal data in accordance with the UK General Data Protection Regulation (UK GDPR) and the Data Protection Act 2018.

This policy explains how we collect, use, store, share and protect personal information.

2. Data Controller

Radiant Medical Aesthetics is the Data Controller responsible for determining how personal data is processed.

Contact:

Radiant Medical Aesthetics
88 High Street
Heathfield

support@radiantfr.com

3. Information We Collect

We may collect and process the following categories of personal data:

Client Information

- Name, address, date of birth and contact details
- Emergency contact information
- Medical history and health information relevant to treatment
- Consultation notes, treatment records and photographs
- Payment and invoicing information
- Communication records (email, telephone, WhatsApp and social media messages)

Staff and Contractor Information

- Contact details
- Employment or contractual information
- Payroll and tax information
- Training and compliance records

Website and Marketing Information

- Website usage data (cookies and analytics)
- Marketing preferences and consent records

4. Lawful Basis for Processing

We process personal data under the following lawful bases:

- **Contract:** To provide consultations, treatments and related services.

- **Legal Obligation:** To comply with healthcare, tax, accounting and regulatory requirements.
- **Legitimate Interests:** To manage and improve our services, maintain records and ensure clinic security.
- **Consent:** For marketing communications, use of photographs for promotional purposes and any processing where consent is specifically required.
- **Vital Interests:** Where necessary to protect an individual's health or safety.
-

Special category health data is processed under UK GDPR Article 9 for the provision of healthcare and treatment services.

5. How We Use Personal Data

We use personal data to:

- Arrange appointments and communicate with clients
- Assess suitability for treatment
- Provide safe and effective treatments
- Maintain clinical records
- Process payments and issue invoices
- Respond to enquiries and complaints
- Meet legal and regulatory obligations
- Improve our services and client experience
- Send marketing communications where consent has been provided

6. Photographs and Images

Clinical photographs may be taken for assessment, treatment planning and medical record keeping. Such images form part of the confidential client record.

Photographs will only be used for marketing, educational or promotional purposes where the client has provided explicit written consent. Consent may be withdrawn at any time, although this will not affect any use already made before withdrawal.

7. Data Sharing

We do not sell personal data.

We may share information with:

- Healthcare professionals involved in a client's care
- Laboratories, pharmacies or prescription providers where necessary
- Professional advisers (e.g. accountants, insurers or legal advisers)
- Regulatory bodies where legally required
- IT and software providers who support our systems and act as data processors under appropriate contracts

Any sharing is limited to what is necessary and is subject to confidentiality and data protection safeguards.

8. International Transfers

Where personal data is transferred outside the UK, we will ensure appropriate safeguards are in place, such as adequacy regulations or approved contractual clauses.

9. Data Security

We take appropriate technical and organisational measures to protect personal data, including:

- Password-protected systems and devices
- Secure cloud-based record systems
- Access controls based on job role
- Staff confidentiality obligations
- Secure disposal of confidential information
- Regular review of security procedures

10. Data Retention

We retain personal data only for as long as necessary for the purposes for which it was collected and to meet legal, clinical and regulatory requirements.

As a guide:

- Adult clinical records: retained for a minimum of **8 years** from the last treatment date.
- Records relating to children: retained until the individual reaches age 25 (or longer where required by law).
- Financial and accounting records: retained for **6 years**.
- Marketing consent records: retained until consent is withdrawn or no longer required.

Records will then be securely deleted or destroyed.

11. Your Rights

Under UK GDPR, individuals have the right to:

- Access their personal data
- Request correction of inaccurate data
- Request erasure of data in certain circumstances
- Restrict processing
- Object to processing based on legitimate interests
- Withdraw consent at any time where processing is based on consent
- Request data portability where applicable
- Lodge a complaint with the Information Commissioner's Office (ICO)

Requests should be made using the contact details in Section 2. We will normally respond within one month.

12. Marketing Communications

We will only send marketing emails, texts or other promotional communications where we have appropriate consent or another lawful basis to do so. Individuals may opt out at any time using the unsubscribe link or by contacting the clinic directly.

13. Data Breaches

Any suspected personal data breach must be reported immediately to clinic management. Breaches will be investigated promptly and, where required, reported to the ICO and affected individuals in accordance with legal obligations.

14. Staff Responsibilities

All staff, contractors and practitioners must:

- Handle personal data confidentially

- Access only the information required for their role
- Follow clinic data protection procedures
- Report any security incidents or suspected breaches immediately
- Complete required data protection training

15. Policy Review

This policy will be reviewed annually or sooner if there are changes to legislation, clinic processes or data handling practices.
